

**OMNI FILAMENT GLS BULB WITH DUSK TO DAWN DUAL SENSOR E27 806LM
7W 2700K NON-DIMM 320 BEAM INTEGRAL**

ILGLSE27SC180

The 7W Integral LED Auto Sensor Filament Bulb has a classic style and premium appearance and offers outstanding energy saving potential. The fully glass globe (GLS) construction and strands of LED chips replicating filaments provide a traditional look and feel which will add a luxurious touch to your outdoor lighting set-up. Offered in warm white light (2700K), the bulb provides a subtle warmth to illuminate your way. With dual sensors allowing 360° daylight detection, the integrated dusk to dawn sensor automatically switches the light ON at dusk and OFF at dawn, ensuring the lamp is never on for longer than it needs to be. With security lighting being on for an average of 12 hours a day, you can save over 75 GBP/65 EUR per year by switching from a conventional 40W halogen bulb. Ideal for external porches, walkways, paths, and patios. To be used in a suitable enclosed outdoor large screw base fitting.
