

18W LED 4 Foot Fluorescent Tube (2000 Lumens)

Specifications:

- LED Type: SMD3020 LED x 240pcs
- Colour Temp: 5600~6300K (Daylight)
2800~3200K (Warm White)
- Base Type: T8 or T10 fitment
- Input Voltage: 100~240 VAC
- Power Consumption: 18W/21W (Typical)
- Power Factor: >70%, 80% (Typical)
- Operating Temp: -30oC ~ +45oC
- Storage Temp: -40oC ~ +80oC
- Illumination Angle: 140o
- Lumen: 1352 lm (Typical)
- Colour Rendering Index: 70%
- Illuminance: 350/320 Lux (3 tubes at 2M Height)
- Lifetime: up to 40,000 hours at ambient temperature 25oC
- Housing: Aluminum alloy + PC

Features:

- Long life (up to 40,000 hours at ambient temperature 25oC)
- Low power consumption, saving energy and money
- No started needed, replaces the traditional fluorescent tube directly
- Compatible with T8/T10 lighting fixture
- Instant light-up with no flicker
- Aluminum alloy body helps better heat dissipation
- No UV or Radiation
- No pollution and recyclable, ROHS compliant
